AVAILABLE OPTIONS
(Details on request)
› Transport bag
› Camera (D/N, IR)
› Lamp (LED, IR, Laser)

MAIN CHARACTERISTIC
› Composed of 2 ballistic shields & 1 chassis
› Assembly/disassembly of the complete shield on chassis is tool-free
› Height with the 2 shields on the trolley 1 800 mm
› Chassis with 4 rotating wheels 360°
› Brake on the rear wheels
› Additional ballistic plate NIJ III + MSC to protect feet (during standby phase)

HANDLING
Keep away from intense heat source
› Do not drop the shield on the floor and avoid hard shocks
› Do a visual inspection of the shield every six-months
› In case of visual damage, send the shield back for inspection / repair
› Only clean with pure water and mild soap
› Use only as a shield, do not sit or walk on it

GUARANTEE PERIOD
The shield is expected to preserve its conformity with the specifications for a period of at least 5 years during storage from the date of delivery, provided that:
› The product is stored under dry conditions at normal ambient temperature
› The product has not been subjected to peak temperature exceeding 70°C
› The product is protected against long term direct exposure to sunlight
