### HANDLING

- Do not sit on the insert
- Do not drop the insert on the floor and avoid other hard shock(s)
- Do a visual inspection of the insert every six-month
- In case of visual damages, send the insert back for inspection / repair
- Do only clean with pure water or mild soap

### GUARANTEE PERIOD

The plate is expected to preserve its conformity with the specifications for a period of at least 5 years during storage from the date of delivery, provided that:

- The product is stored under dry conditions at normal ambient temperature
- The product is stored vertically
- The product has not been subjected to peak temperature exceeding 70°C
- The product is protected against long term direct exposure to sun light
